

Thinking in Truths

Investigating the 4 Truths Through Your Place

Work from the bottom of the ladder to the top, brainstorming answers for one of your place's resources or resource stories.

What potential does bringing together multiple social truths to dialogue have to benefit society? What big societal question/problems might it help solve?

What has society decided is the meaning of that event or story? Are there multiple meanings held by multiple parts of society?

Who are some of the people who have experienced that resource or event, and what truths do they hold about it?

What resources or resource stories from your place are you going to focus on? What is the forensic truth about that resource?
