

Celebrate National Volunteer Week & National (Virtual) Park Week 2020

This year marks fifty years of our Volunteers-in-Parks program – and it's time to celebrate! But we can't be in our parks at the moment, providing visitors with amazing experiences and helping them navigate these amazing places.

Are you excited to return? What makes you love volunteering?

It's time to share your love of volunteering in parks!

Below, you'll find two templates to print and fill in with your own answer to the question. Then snap a picture with your new sign. You can post it to social media yourself and tag your park. Or you can forward it to your volunteer coordinator at your park to post on the official social media account.

Don't have a printer?

No problem! Grab a sheet of paper and build your own sign. Get creative! Show your love of volunteering and service to the world the way that suits you.

I Can't Wait To Return To Volunteering Because...
